

Fortune of Year 2020 for People Born in the Year of the Dog

Career Tip: Stability Is Key, And Watch Out For Internal Troubles

Your luck is looking up this year, with heaps of auspicious stars in your charts! However, there are also multiple unlucky stars present, so stability is the key when it comes to your career—don't be too aggressive and try to achieve success too quickly. An unlucky star, "Leopard's Tail", is present in your chart, signaling the appearance of an extremely skilled rival, so do not let your guard down! As long as you stay vigilant, your other lucky stars will help you deal with the potential enemies and ensure that you come out on top and even better than before.

On the other hand, another unlucky star in your chart, Tunxian, signals that internal conflicts may trouble you while you're working on expanding outward. Be extra careful in case someone from the inside of your team attempts to take your achievements as their own! People born in the year of the rabbit and, to a lesser degree, people born in the year of the sheep, will be great help in your career advances this year. Forge sincere work relationships with them and your work process will be sped up in leaps and bounds! The luckiest career choices for you this year are those related to "fire" and "wood".

Finance Tip: Explore New Ways To Earn Money And Watch Out For Bamboozlers

Your finance fortune is looking great this year—both in your regular income source and other sources! Seize the chance to expand your horizons and find new ways to earn money. This is also a good year for investments, purchasing real estate and starting your own business—however, watch out for those who want to take your assets for themselves, and stay away from gambling venues, as these are both things that can cause you huge losses. The period between spring and summer is a time when you may lose an amount of money, so be extra careful then and never flaunt what you have—you don't want to become an easy target for thieves!

Health Tip: Stay Away From Sharp Instruments And Be Careful When Doing Water Activities

This should be a good year when it comes to your health fortune. However, as the ill-omened "Bloody Blade" star is present in your chart, you should do well to be careful when using sharp instruments and avoid brawls and fights. If things start getting heated, always remember that taking a step back is better than getting hurt! Also, with the "Float and Sink" unlucky star in your

Fortune of Year 2020 for People Born in the Year of the Dog

charts, you should be especially careful when doing water activities in the summer and fall seasons.

Relationship Tip: Expect Very Little Luck In Your Love Life. Don't Force What's Not Meant To Be!

You can expect to find yourself very busy in social situations this year due to your high popularity. However, an unlucky star, Guaxu, shining upon your relationship sector signals that this isn't a very lucky year for dating—even if you meet the right person, it's likely nothing will come out of it. You can't force love, after all, so you're advised to keep an open-minded attitude and be patient for your time to come.

Dog: House Of Treasures

This charm depicts a large yacht carrying heaps of treasures. At its head is a giant turtle—as the pronunciation of “turtle” and “coming home” are the same, it gives the charm the meaning of “bringing lots of treasures home”. Beside the boat is a leaping koi, which symbolizes benefits and revenue—all three together makes this an extremely auspicious item!

Those born in the year of the dog will see a great rise in their luck this year. Things will go smoothly at work, and you can also expect excellent luck in your finances. Grasp every opportunity that comes your way and this will be an extremely fruitful year for you. But do watch out for scams and ill-wishers! This “House of Treasures” charm, placed facing the west (or in the west of your home/office), will help you navigate the year of 2020 and bring you great luck.
