

# Fortune of Year 2021 for People Born in the Year of the Pig

## **Career Tip: Don't Trust Everyone Around You, Keep Your Secrets Safe**

Those born in the year of the pig will have an average year without much luck, so don't expect to achieve any breakthroughs in your career. As the unlucky star "Dog of Heaven" is in your chart, you may face multiple obstacles and conflicts at work. Your colleagues may be unfriendly towards you, and you may also make enemies or rivals outside of the company. Try to solve conflicts with care and always work hard in order to succeed, and keep your eyes open—don't trust everyone around you, as some of them are likely to use information they gained from you to ruin your reputation. The lucky star "Travelling Horse" is in your life cycle this year, meaning that you'll have to travel a lot for work, which may lead to meeting someone who will help you a great lot in your career. However, don't forget to watch what you eat during your travels. Those born in the year of the monkey and, to a lesser degree, those born in the year of the dog are your good-luck charms when it comes to your career. Collaborations with such people are likely to lead to success in your work life. Careers involving the elements metal and wood will be the most beneficial to you.

## **Finance Tip: Budget Well And Don't Be Greedy**

There's nothing special about your finance fortune this year. Don't expect to gain much from either your main or side income sources. However, you'll have to spend a lot throughout the year, so always keep tabs on your money. Don't be greedy and take on risky ventures, as that will likely lead to failure. This isn't a good year to make investments, start companies or purchase assets, so try to refrain from doing so. You'll be especially unlucky in your finances in the period between spring and summer, so be extra during then.

## **Health Tip: Don't Overwork, And Be Careful When Outside**

Your health won't be too good this year. You're prone to getting sick, so try to get a lot of sleep and don't overwork. You need to be especially careful when it comes to your heart and your blood pressure, and must see a doctor as soon as you suspect issues. You may feel melancholy a lot this year, so try to cheer up and forget your worries. Towards the end of the year, be very careful when outside and stay away from dangerous situations.

## Relationship Tip: There Might Not Be Any Developments When It Comes To Romance. Don't Let Relationships Get In Way Of Your Work

You're prone to getting into conflicts this year, so try to keep your temper at bay. Relationship-wise, things aren't looking especially bright, so try to let things go instead of overthinking. Also, try not to let your relationships get in the way of your work.

## Pig: Riches & Toads

In traditional folklore, the cabbage is a symbol of financial gain, while the three-legged toad with a coin in its mouth is the symbol of abundant household income. In this ornament, there's a toad crouched on a large ingot next to a cabbage, while another is on its way up too. The three elements, together, form an auspicious scene representing riches "entering" your household.

Those born in the year of the pig have an unremarkable year ahead of you. Don't trust everyone at work and keep your business secrets hidden. Your finance fortune isn't too great, so budget what you have carefully. Place this "Riches & Toads" ornament in the north of your quarters, and it will bring you a year of good fortune.
