## **Career Tip: Expect Promotions, Be Friendly With Everyone**

Those born on the year of the rooster will have a very lucky 2021. Multiple lucky stars are shining upon you, making it your perfect chance to show what you can do and work towards your dreams. With the lucky Commander star in your life cycle, you can expect a promotion or an increase in power. But don't let it get to your head, as the unlucky star "White Tiger" signifies rivals envious of your achievements.

Besides that, the unlucky star "Fierce Hercules" is also in your life cycle this year, a warning that interpersonal conflicts will occur often, so try to be an amiable person in case disputes affect your chances in a career advancement. The lucky stars "Heavenly Salvation" and "God of Salvation" in your chart ensure that as long as you handle situations that arise with care, you'll get the results you've always dreamed of! Those born in the year of the tiger and, to a lesser degree, those born in the year of the snake are your good-luck charms when it comes to your career. Collaborations with such people are likely to lead to success in your work life. Careers involving the elements fire and metal will be the most beneficial to you.

## **Finance Tip: You'll Earn A Lot From Regular Sources, But Watch Out For Thefts And Robberies**

Your finance fortune is looking great this year. You can expect to earn a lot from your usual source, and if you manage what you gain well and don't overspend, the year should be smooth for you money-wise. However, when it comes to alternative sources of income, your luck is less reliable. Gambling can often lead to losses. Also, as the unlucky star "Big Threat" is in your life cycle, you may lose funds due to a theft or robbery, so keep your doors and windows locked and don't flaunt what you have. You're especially lucky in finances in the beginning and end of the year, so seize the chance and start working towards a life of riches!

Your health will be good this year, but you're prone to accidents that may lead to bloodshed, so please be extra careful. Also take special care of your liver and kidneys. As the unlucky star "Floating Up and Down" is in your life cycle, you're suggested to be
